**Principal:** Pamela Clark

**Phone:** 818-778-7100  
**Grade Span:** PK-K

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

**Throughout this document the letters DPL refer to data provided by the LEA, and the letters DPC refers to data provided by the CDE.**

**Table 3: School Description and Mission Statement (School Year 2021–2022)**

Young Learners is a specialized school designed to meet the needs of preschool age students through kindergarten, with Autism, and/or related developmental disabilities. Young Learners offers an intensive, six hour per day, five day per week special education program featuring small class size and teacher:student ratio of at least 1:3. Through specialized, evidence based assessment and curriculum, a collaborative transdisciplinary team approach, positive behavioral supports and family involvement, our mission is to create a positive, dynamic learning environment to help students with autism spectrum and related disorders reach their maximum potential. General education curriculum as well as an alternative curriculum are implemented, as designated on a student's IEP. Curriculum incorporates evidence based strategies including applied behavioral analysis, visuals, augmentative communication systems, sensory strategies, high structure and positive behavioral supports.

## **A. Conditions of Learning**

### **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

**Table 6: Teacher Preparation and Placement (School Year 2019–2020)**

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## **CURRICULUM AND INSTRUCTIONAL MATERIALS**

Young Learners School educates preschool and kindergartners with a range of cognitive delays and/ or challenges with social communication and/or language development. The school serves children ages 2.9 to 7, many with Autism Spectrum Disorder. The school is designed for students who can benefit from a structured, intensive early learning program. The ultimate goal of Young Learners School is to maximize the potential of every child and to work toward the least restrictive school setting.

Young Learners uses a behavioral and functional developmental approach to teaching. The program incorporates Applied Behavior Analysis (ABA) techniques such as Discrete Trial Training (DTT), Pivotal Response Training (PRT), Picture Exchange Communication System (PECS) and Verbal Behavior into a curriculum model which

also incorporates developmentally appropriate practices. All of these methodologies assist students in gaining necessary skills for future learning and in reducing maladaptive behaviors that impede the learning process. The theory is based upon the scientifically validated notion that a child's behavior and learning development can be altered using the basic principles of task analysis and reinforcement. Within the ABA program, there is a clear structure and reinforcement is provided at a high intensity using precise teaching techniques.

The Kindergarten curriculum is based on a multidisciplinary team approach that includes academic and pre-academic skills, communication, social skills, fine and gross motor development, self help, pre-vocational skills and behavior support development. Kindergarten curriculum is provided for students on a general education curriculum or an alternate curriculum. Young Learners School has a school-wide framework integrating the California State Standards into the curriculum.

Regarding the General Education Kindergarten Curriculum, Young Learners has adopted the following curriculum adopted by the District:

### **WONDERS ELA/ELD-McGraw-Hill**

**Program details** Wonders, a comprehensive PK-6 ELA/ELD program, which is designed to meet the challenges of today's classroom and reach all learners. Wonders provides a wealth of research-based print and digital resources that provide unmatched support for building strong literacy foundations. Students access complex texts, engage in collaborative conversations, and develop critical thinking skills. Wonders literacy instruction builds proficiency in speaking, listening, reading, and writing with scaffolded support for all language proficiency levels. The Reading/Writing Workshop is a key component to intervention instruction, teacher's model close reading of short complex texts allowing students to practice key skills and strategies. The Close Reading Companion guides students to reread with purpose, highlight and annotate text, cite evidence, answer text-dependent questions, and organize their thoughts as they move toward analytical writing and integration of knowledge and ideas. Leveled Readers are accompanied by lesson plans and are thematically connected to each intervention unit of study. Instruction at each level addresses the same subject, theme, content, skills, and strategies, with connection points to move up to the next level as soon as students are ready.

### **MYMATH McGraw Hill**

**Program details** MYMATH, developed and published by McGraw Hill, Inc., is a classroom-and computer evidence-based, Common Core State Standards-aligned program for students in grades PK-5<sup>th</sup> grade. Lessons are composed of a review session, a small-group, project-based learning exercise, followed by individual learning activities. Daily assessment of all students help teachers recognize which skills are coming easily to students and identify which students need extra help to achieve mastery. MYMATH provides synchronized print and digital resources to guide students through interactive and technology-based activities.

### **NUMBER WORLDS McGraw Hill**

**Program details** Number Worlds® 2016 is a highly engaging, research-proven, teacher-led math intervention program that was built on rigorous state standards to bring math-challenged PreK-8 students up to grade level with Real World Applications. Number

Worlds helps struggling learners in Response to Intervention Tiers 2 and 3 achieve math success and quickly brings them up to grade level by intensively targeting the most important standards. In Number Worlds, students participate in Inquiry-Based Learning (IBL) and Project-Based Learning (PBL) through the completion of cumulative projects. Incorporating the Constructionism and Learning by Design aspects of IBL and PBL through sustained, cooperative investigation, which takes place in a structured approach. Structure is offered to students through multiple questions, activities, and assessments. Both Inquiry-Based and Project-Based Learning encourages students to be engaged in productive, guided inquiry learning.

**Supplementary Core Curriculum:** In addition to required curriculum as required by the District, Young Learners utilizes “ABA Curriculum for the Common Core: Kindergarten.” The key emphasis is on providing meaningful access to the standards by ensuring that we are teaching at a student’s current skill level. By drilling down into each standard and breaking it into teachable steps and relaying on the data collected for each student, we ensure that we are teaching at the edge of our students’ abilities.

### **CORE Curriculum for students on the Alternative Curriculum**

#### Unique

Unique Learning System® is an award-winning, online, standards-based set of interactive tools specifically designed for students with special needs to access the general curriculum. Used daily in school districts and classrooms across the country, Unique Learning System provides preschool through transition students with rigorous, standards-based materials specifically designed to meet their instructional needs.

Users interact with differentiated, thematic units of study with text to speech, interactive components, hundreds of activities and multiple opportunities to show what they know. Books, lessons & activities are viewable on a variety of hardware platforms, including tablets, whiteboards, and smartboards. Additionally, n2y’s proprietary user interface and tools combine with touch technology to encourage engagement and exploration of many types of content.

### **TECHNOLOGY**

Young Learners School thoughtfully incorporates technology into instructional programming in the areas of communication, music and movement and pre-academic and academic skill development. Young Learners have regular access to a computer lab, equipped with computers and an interactive white board and have access to a wide range of educational software. In addition, Alphasmarts and adaptive equipment are available for additional practice for keyboarding. Young Learners also has shared classroom access to iPads and similar dynamic screen devices as well as static screen Go Talk Now devices to support communication and learning.

### **EXTRACURRICULAR ACTIVITES**

Young Learners School offers many opportunities to support extracurricular activities on and off the campus during the school year. This is done to add enrichment and experiential opportunities that are not covered in the core curriculum. Young Learners serves a population of students on the autism spectrum, and these activities promote self worth, independence and the ability to generalize appropriate social skills within a mainstream environment.

### **Table 11: School Facility Conditions and Planned Improvements**

Young Learners School maintains a clean, safe physical plant. School facilities are cleaned daily. Repairs are made in a timely manner. There is a maintenance crew on site to provide immediate assistance to staff and students. Floors and carpets are cleaned and waxed thoroughly during pupil-free days. There is an on-going schedule of touch-up and repairing to ensure upkeep of the facility. The school receives annual inspections and clearances from the Health and Fire Departments. Our staff has the ability to submit Maintenance Requests on the intranet.

## B. Pupil Outcomes

Standardized Testing and Reporting Program: Young Learners students (kindergartners) are not included in Standardized State Testing and Reporting as this begins in 3<sup>rd</sup> grade.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
  2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
  3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **SARC Reporting in the 2020–2021 School Year Only**  
Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:
    - Aligned with CA CCSS for ELA and mathematics;
    - Available to students in grades 3 through 8, and grade 11; and
    - Uniformly administered across a grade, grade span, school, or district to all eligible students.
  - **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments

for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
  - Other assessments meeting the SBE criteria; or
  - Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**Table 14: CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven taking and completing a state-administered assessment**  
**Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 2019– 2020	School 2020– 2021	District 2019– 2020	District 2020– 2021	State 2019– 2020	State 2020– 2021
<b>English Language Arts/Literacy (grades 3-8 and 11)</b>	N/A	N/A	N/A	N/A	N/A	N/A
<b>Mathematics (grades 3-8 and 11)</b>	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019–2020 data cells with N/A values indicate that the 2019–2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–2020 school year.

Note: The 2020–2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020–2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–2021 school year to other school years.

Note: LEAs/schools will populate this table for schools in cases where the school administered a local assessment.

Note: LEAs/schools will populate double dashes (--) in this table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: In cases where the school administered only the CAASPP assessment, LEAs/schools will populate this table with "N/A" values in all cells, meaning this table is Not Applicable for this school.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

**Table 25: Opportunities for Parental Involvement (School Year 2021–2022)**

Young Learners School is fortunate to have an active Parent Association that generously contributes time and effort to enhance our school program. The Parent Association organizes fund raisers such as the Book Fair, gift-wrap sale, Learn-a-thon and the Annual Auction that support various extra-curricular activities. Parents donate funds that are earmarked for special projects that augment technology, creative arts, athletics and the library through the Annual Giving campaign. Young Learners parents also support their child's individual classroom teachers by acting as Room Parents. Parent Support meetings offer a time for parents to build community and lend and receive support. The school also encourages parent participation through a daily communication log and hosting parent – teacher conferences, Back to School Night and Open House each school year.

### Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to other year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to other school years.

**Table 32: School Safety Plan (School Year 2021–2022)**

Young Learners makes every effort to provide a safe environment for learning. Students participate in emergency drills held on a monthly basis for earthquake and fire preparedness. All staff receives mandatory yearly training regarding Child-Abuse Reporting, Sexual Harassment, Cultural Awareness, and Blood-Borne Pathogens. The Safety Committee meets monthly to discuss concerns and correct safety issues. Earthquake supplies are available on site. Staff members practice emergency drills and are assigned to stations such as triage, search and rescue, and first aid. The front gate is kept locked and visitors are required to contact the front office to enter the premises. Teachers are aware of lock-down procedures and procedures for requesting immediate assistance.

Professional development is a crucial part of Young Learners School. To provide quality education for the students, the teachers participate in on-going training. A high level of professionalism and a commitment to excellence is expected of all teachers.

### **Instructional Planning**

Teachers attend weekly faculty meetings, as well as weekly team meetings to discuss student needs, curriculum and develop effective teaching strategies, collaboration and the use of best practices is an integral element of the school.

### **Professional Development**

Prior to the beginning of each school year the teachers participate in a one week orientation. Training topics range from learning characteristics of students, child abuse reporting, social skills instruction, emergency procedures, I.E.P. development, Behavior Management, implementation of differentiated instruction and data tracking.

Minimum days are scheduled once every month for staff development. The following topics are addressed during teacher-training workshops:

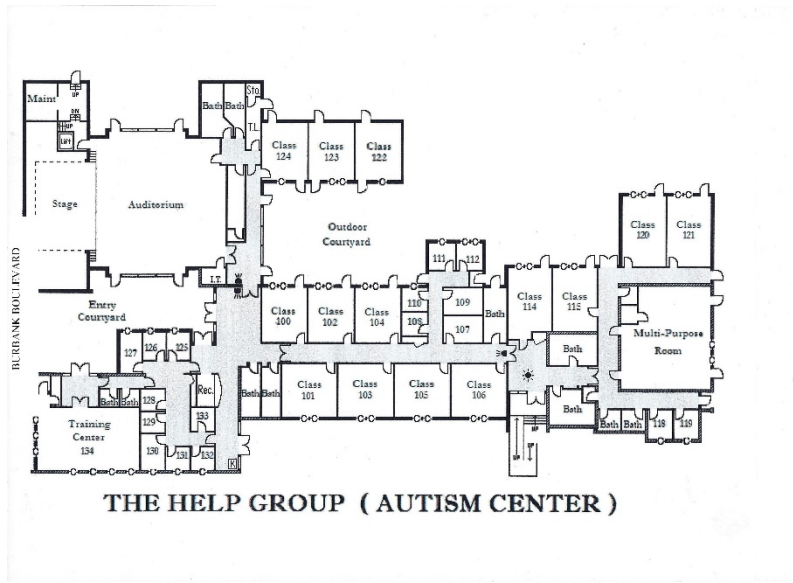

- ✓ Curriculum and State Standards
- ✓ DRDP & Brigance & Woodcock Johnson IV
- ✓ Guidelines for IEP development and writing
- ✓ Positive Communication Strategies
- ✓ Applied Behavioral Analysis based teaching strategies (E.g., PECS, PRT, ITT)
- ✓ Classroom Integration of OT strategies
- ✓ Fostering Independence/ Prompting Techniques
- ✓ Multi-Tiered Behavioral Supports
- ✓ Positive Behavioral Support Plans
- ✓ Technology in the Classroom
- ✓ During 2020 there was a heavy emphasis on distance learning, DL teaching modalities, DL curriculum, and engagement.

## INSTRUCTIONAL DAYS

This table displays a comparison of the number of instructional days offered at the school compared to the state requirement for each grade. In Kindergarten, 36,000 minutes are required annually, and Young Learners surpasses this amount.

## MAP OF CAMPUS

## Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

\*At or above the grade-level standard in the context of the local assessment administered.

Note: LEAs/schools will populate this table for schools in cases where the school administered a local assessment.

Note: LEAs/schools will populate double dashes (--) in this table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: In cases where all the schools in this LEA administered only the CAASPP for ELA assessment, LEAs/schools will populate this table with “N/A” values in all cells, meaning this table is Not Applicable for this LEA.
